House League Report

NMSA should receive the diamond permits from the town by March 15

- To date, there have 29 on line registration
- Division schedule should be ready by next week
- Planning to play all game when possible at the complex
- Barry's computer is now repaired after being down.

It was agreed upon to sell some of the excess ballast ball equipment, including tunnel for the amount of \$25.00 each. NMSA will keep 4 sets.

The equipment manager raised the concern of carbon monoxide gas in the equipment room. A letter will be sent to the town requesting the appropriate detector be installed.

After much discussion, it was determine to have Marilyn's Men's select team purchase their teams insurance through OASA, as it would be cheaper then registering non-NMSA players.

Ted Boyd's team wants to drop the Stringers name, but must keep the Newmarket name. This team wishes to play on Tuesday nights at AF at 9:00 pm. NMSA would book and pay for this time slot and the team would reimburse the association.

Need to look at a better ball for the older teams and in some tournaments. The current ball is not standing up to the stronger hitters.
